Black Wood (Z01-02-14)

White Wood (Z01-02-15)

SPECIFICATION

INDOOR & OUTDOOR PRODUCTS

Batch-to-batch variation in shade may occur within commercial tolerance. Some options may be subject to minimum quantities.

Usage: Indoor and Outdoor Products. **All furniture is v-legal certified and kiln-dried.**

PLEASE NOTE: Due to the fact that wood is a natural material, variations will occur. Each product can have different natural markings, textures, and natural colour variations. This is all considered normal and adds to the beauty of the products and is not considered a defect.

Clear Matt Finish: An acrylic clear matt protective finish is applied over the wood. Due to the natural differences, grains, natural colour variations, age, etc. of wood, the final colour will vary slightly. Composition: Acrylic.

Honey, Mid-Brown and Dark Brown Finishes: These finishes use translucent wood stains, and an acrylic clear matt protective top finish is applied.

Sungkai wood (*Pericarpetus bohemianus*)

A hardwood tree native to Sumatra in Indonesia. The tree can grow up to 60-80 meters tall and has a trunk diameter of up to 1.5 meters. The wood from Sungkai wood is lightweight yet strong, with a straight grain. It is reported to have high durability and resistance to moisture, making it suitable for outdoor furniture, boats, and other heavy-duty applications.

The technical specifications of Sungkai wood include its density, hardness, and durability. It has a density of around 650 kg/m³ and a hardness of around 1100 N. It also has a high tensile strength, making it suitable for use in bending or tension applications.

Sungkai wood is known for its excellent stability and dimensional stability, making it ideal for use in humid climates.
