SPECIFICATION

INDOOR PRODUCTS

Batch-to-batch variation in shade may occur within commercial tolerance. Some options may be subject to minimum quantities.

Composition: 100% Natural Rattan

Usage: Indoor Products.

Clear Matt Finish: An acrylic clear matt protective finish that can be applied over all rattan finishes.

White, Black, Grey, Honey, & Medium Brown Finishes: These finishes use translucent stains applied to the rattan with a clear matt finish top coat.

Due to the fact that rattan is a natural material, variations will occur. Each product can have different natural markings, textures, and natural colour variations due to the type and age of the material.

This is considered normal and adds to the beauty of the products and is not considered a defect.

Please note: The clear matt finish is the natural colour of rattan. Over time, this finish will gradually age and go a golden honey colour. This happens naturally due to being exposed to daylight.
