SPECIFICATION

Our stainless steel wire finishes are subject to availability. Batch-to-batch variation in shade may occur within commercial tolerance. Some options may be subject to minimum quantities

The technical specifications of stainless steel wire finishes are as follows:

Composition: 100% Stainless Steel

Usage: Interior Accessories

Rainbow Finish: The rainbow version is created by heating the stainless with a blowtorch to create a random rainbow effect. With the rainbow finish, it is a random finish, and no 2 will be exactly the same.

Other Colours: These are created by spraying metal paint over the stainless steel wire.

Please note that a clear matt protective coating is applied over all finishes of stainless steel
