Terms & Conditions: <https://www.zenddu-catalogue.com/terms>

50% Deposit required to start production. Balance must be paid before shipment

Export - Min order \$5,000 (USD)

All Products are based on Incoterms Ex-works (Excludes any special packing, trucking costs, consolidation costs, manpower to load container, trucks, export documents costs and any shipping freight)

MINIMUM ORDER

For export the minimum order is **5,000 USD**

For local orders the minimum order is **10,000,000 IDR**

If you want to order below our Minimum order, you can, but the order has to be paid in full with the order.

DISCOUNTS

As our products are all handmade by local craftsmen using simple tools and machines, each product takes a lot of time to make.

We have a Fair Trade policy where our craftsmen are paid a fair price, they are happy with making the products.

Reducing prices would not be inline with our Fair Trade Policy.

Because of this, we are unable to offer discounts for larger orders or quantities. We appreciate your understanding!

ESTIMATED PRODUCTION LEAD TIMES

All products are made to order.

The production lead time depends on the complexity of the products and quantities. All wooden furniture is kiln dried in an oven for 2 to 3 weeks before production starts.

Below is a rough guide of our production lead times:

Less than a container - 4 to 6 weeks , 20ft Container - 6 to 8 weeks, 40ft Container - 8 to 12 weeks

EX-WORKS PRICES / CONSOLIDATION & TRUCKING / PACKING

All product prices are based on Incoterms Ex-works (Excludes any special packing, trucking, consolidation, export document costs and shipping)

What are Incoterms?

The Incoterms or International Commercial Terms are a series of predefined commercial terms published by the International Chamber of Commerce relating to international commercial law, which are recognised globally for international trade.

What does EXW – Ex Works mean?

In simple terms it means you collect the goods from our warehouse. Under EXW Incoterms, the responsibility for supplying the goods lies with the seller which is Zenddu. This means that the buyer, which is you, assumes all costs and risks as soon as the goods are collected from the us.

CONSOLIDATION & TRUCKING

As our products are made in many different locations throughout Java and Bali, they have to be trucked to our shipping warehouse in Jepara. Here they are consolidated together for shipping. This cost depends on where the products are made and the quantity ordered.

If the products are made near our warehouse, **then there is no charge**. Most wooden furniture is made near our warehouse.

The consolidation and trucking cost is calculated once the products and quantities have been fixed.

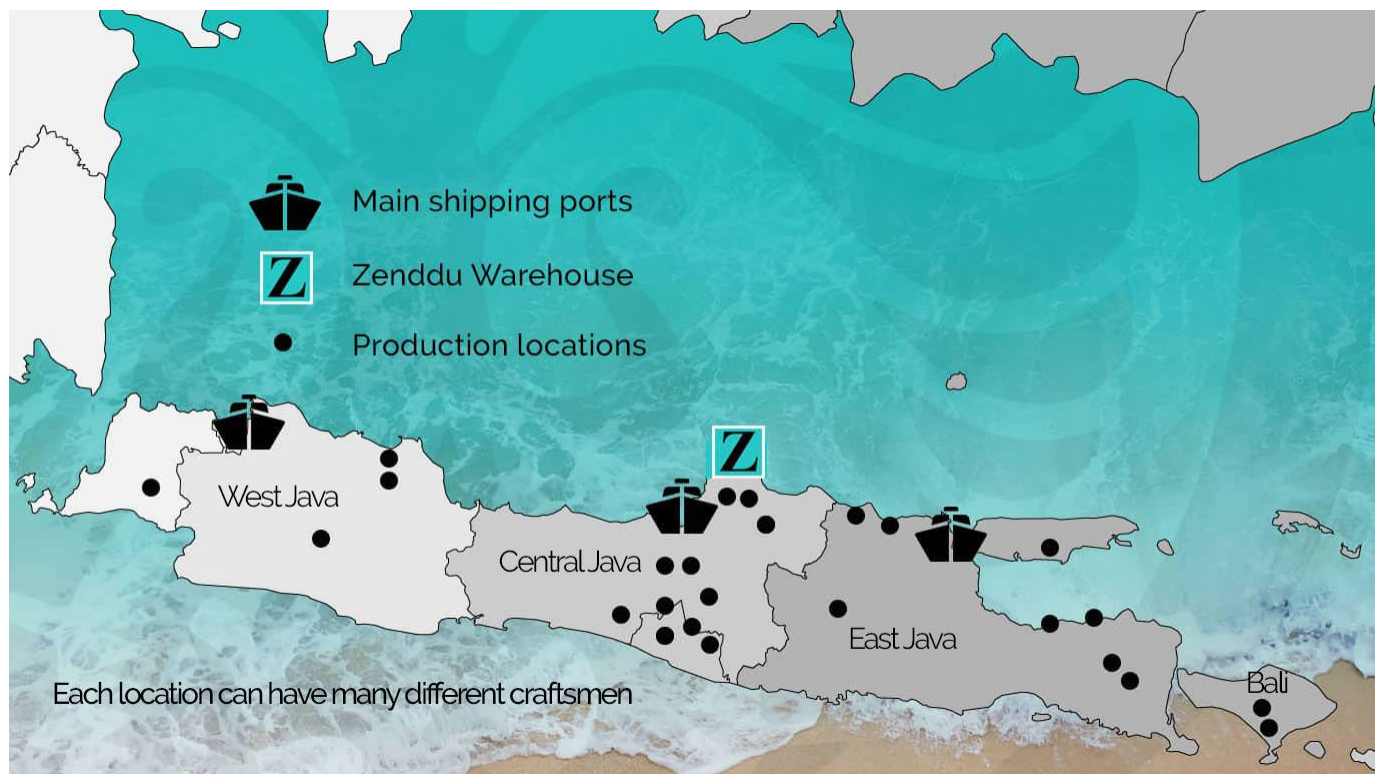

PACKING

Most products are packed individually for bulk container shipping using corrugated paper. This is **included in our prices**.

If a product needs additional packing, for example wooden crating, **there is an extra charge**.

EXPORT & SHIPPING

All the export and shipping is done through our freight forwarder who we have worked with for years. They will organise the export and shipping for you. You deal with and pay them directly.

All orders are subject to accepting our **terms and conditions of sale**.
